Speedline Electrovert Enforces Order Against Specnor Tecnic

CAMDENTON, MO – June 23, 2010 – Today Speedline Technologies, Inc. filed a Motion for Contempt in a previously settled lawsuit against Specnor Tecnic Corp., alleging contempt by reason of unlicensed sales of infringing product. Specnor Tecnic previously had entered into a limited license under Speedline's U.S. Patent No. 5,203,489, which is directed to inert wave soldering technology. In the Motion for Contempt, Speedline seeks to enforce its rights to this valuable patent and to prevent any unwanted litigation with customers of Specnor Tecnic who may have purchased unlicensed products.
